

Nordgold announces increase in Offer for Cardinal Resources

- Offer increased to **A\$1.00** per share
- Nordgold **holds voting power of approximately 28%** in Cardinal and is Cardinal's largest shareholder
- Cardinal shareholders are urged to **contact their broker and accept** the unconditional all-cash Offer promptly
- **Offer to close** at 4:00 pm (Sydney time) on **3 November 2020**

London, United Kingdom, 21 October 2020 – As set out in the filing of its broker, Taylor Collison, and in its Third Supplementary Bidder's Statement, on 21 October, Nord Gold SE ("**Nordgold**" or the "**Company**") is pleased to announce that it has increased the price of its on-market takeover offer for Cardinal Resources Limited ("**Cardinal**") to A\$1.00 per share.

Nordgold currently holds 149,344,714 Cardinal shares, which represents voting power of approximately 28% in Cardinal. Nordgold is Cardinal's largest shareholder and continues to view this shareholding as a long-term strategic investment.

Shandong has committed not to increase its offer price in the absence of a higher competing offer, and Nordgold's increased Offer Price is not a higher competing offer. Nordgold's revised Offer is unconditional, is open for eleven days beyond the current scheduled closing date for the Shandong Offer, and shareholders can accept simply by instructing their broker.

Nordgold's Offer is scheduled to close at the end of ASX trading (4:00 pm Sydney time) on 3 November 2020, unless it is further extended or withdrawn in accordance with the Corporations Act.

Nikolai Zelenski, Nordgold Chief Executive Officer, said:

"We are pleased to extend this highly compelling offer to Cardinal shareholders.

Nordgold is fully committed to successfully closing its offer and to the future success of the Namdini project. We are Cardinal's largest shareholder and this revision represents the third price increase that Nordgold has made, whilst conversely Shandong has announced that it will not be increasing its price further.

We continue to believe we are the best owner of this important asset. We have a strong West African business and remain committed to operating in the region. We have the project development expertise and robust balance sheet necessary, as well as the proven environmental and community-led approach to mine development to underwrite the successful construction and commissioning of the Namdini project, to the benefit of the local community and all stakeholders. In this context, Nordgold notes that it has sought and received change of control approval from the Government of Ghana, whilst, to the best of our knowledge, Shandong has not sought to do so.

In the event that Nordgold does not acquire the full outstanding share capital of Cardinal, but remains the largest shareholder, we stand ready to work with Cardinal management to quickly progress the Namdini project and to provide technical and financial support to underpin its success.

As our offer is scheduled to close on 3 November 2020 (unless further extended or withdrawn in accordance with the Corporations Act), we encourage all Cardinal shareholders to contact their broker and accept the Offer without delay. Accepting shareholders will receive proceeds on a T+2 basis."
